

Experience

Self-employment- UX Designer

June 2020 - Current

Designing and redesigning websites both for desktop and mobile. Holding the workshops in order to get to know clients' needs and create a company strategy. Creating UI design and Design Systems.

Architect Trainee - Grupa KMK

Katowice, August 2019 - April 2020

Working in a multidisciplinary company. Daily contact and cooperation with foreign clients. My duties include the automation of architectural projects, the creation of 3D models, and project documentation.

Social Media Manager- Majowa Szkoła Tańca

Zabrze, 2017- 2019

My work was building customer relations, managing social media, and website. I was responsible for graphic and copywriting materials for web and social media. I was organizing events and Facebook ads campaigns. Beyond that, I worked on the visual layer of the site cooperating with a web developer.
